Responsive Design

LANGUAGES

Spanish - Conversational

PROJECTS

PORTFOLIO WEBSITE

<https://nicolas-espel.github.io/Portfolio/>

- Showcase of projects I am working on or have completed as a self taught front-end developer.

PROJECT 1

Local small business website

- Re-built a local small business' website soon to be deployed
- Working with API's to make the website fully functional
- Used HTML, CSS, and Javascript

PROJECT 2

Interactive Rating Component

- Constructed an interactive rating system using HTML, CSS, and JavaScript
- Added design files to Adobe XD to get precise sizing for the final product.

PROJECT 3

Rock, Paper, Scissors Game

- Built a playable game in the console, then furthered my project by adding HTML, CSS and connected the JavaScript to make a user-friendly game.

PROJECT 4

Landing Page

- Created a landing page for my Real Estate career using HTML, CSS, and JavaScript
- Designed my own logo
- Incorporated my own active states and animations to create a final product that is user friendly.

WORK EXPERIENCE

Sept 2021 - current

Pepine Realty Gainesville, FL

Real Estate Agent
